

Angela Dormiani's New Children's Book "Chewie And Leia Go To Doggy Day Care" Follows Two Rambunctious Huskies As They Head Out To Spend The Day At Doggy Day Care

Angela Dormiani, a high school history teacher from Oklahoma, has released her new children's book, "Chewie and Leia Go to Doggy Day Care" (Publisher: Cloverly Publishing), a charming story that centers around two energetic huskies who are thrilled to spend the day at doggy day care.

"Chewie and Leia Go to Doggy Day Care" centers around two huskies named Chewie and Leia, who love to play and spend time with their human mom. But when their energy becomes too much for her, she decides to take them to doggy day care so she can have some peace and quiet, even if getting them to day care can be a job all on its own.

"Chewie and Leia are two lovable huskies who live for treats, belly rubs, and causing a little chaos," writes Dormiani. "When their mom announces it's time for doggy day care, both pups are super excited—until Leia has a little tumble on the way to the car. From car ride silliness to bone battles and big tail wags, their day turns into an unforgettable husky adventure!"

Inspired by the author's actual huskies, Chewie and Leia, "Chewie and Leia Go to Doggy Day Care" is sure to delight readers from ages four to twelve, sparking laughter as they follow along on this wild doggy adventure.
