In "Consumed by Darkness: Book 2", the half-breed Sky Water has been stripped of her wings and turned fully human after refusing to abandon her two soul-bonded mates, Damon and Daniel. But after the demon Barbas has taken Daniel hostage to the fiery depths of hell, Sky and Damon must team up to save him, even if Sky now faces the threat of mortality.

*"Observe, watch, and protect—those were the orders; orders that I have not been able to uphold since falling in love with not one but two men, soul-bonded, mated until the end of time," writes Sasha R.C.*

*She continues, "My wings were taken by Michael, a punishment for my sin of choosing my men over my duty.*

*"Mated to two men—two men that I am hopelessly and dangerously in love with. I have made my choice to be with them, and with that choice comes consequences that none of us are fully aware of."*

Unwilling to stop at anything to save her mate, Sky prepares to take on the ultimate risk of bringing Daniel back, even as a twist of fate brings everything into question.
